ABSTRACT

Parliament, Supreme Court and President of India are abide by not only Constitution of India but also they are abide by Almighty Court Of Justice. ACJ is secularized (out of religion) body and it is governed by Almighty B.B.B, The Creator of Universe and it runs University of God at 1/139, Talaya Lane, Fatehgarh, Farrukhabad, U.P. India. Since 2014 ACJ is ruling India and Globe and not only Constitution of India has been modified rather all global constitutions are under ACJ. Hence no court, parliament or President of any country could make any law without permission of ACJ. This includes uplift on ban on idol worship in all Islamic countries. Namaz is worship of Tachyon Particle which are made up of Two God particles. Its reconstruction is Lord Natraj on Earth. SC does not know that Mosque is now essential part of Namaz as Lord Natraj is Allah Ho Akbar and His Idol would be put in All Mosques of world and Namaz would be offered before Lord Natraj as it is reconstruction of tachyon particle being worshipped by all Muslims. Hence 1994 case of Ismail Farrukhi where Mosque is not considered an essential part is to be modified now.

1.INTRODUCTION

1.1. About Almighty B.B.B or Allah ho Akbar or Lord Natraj

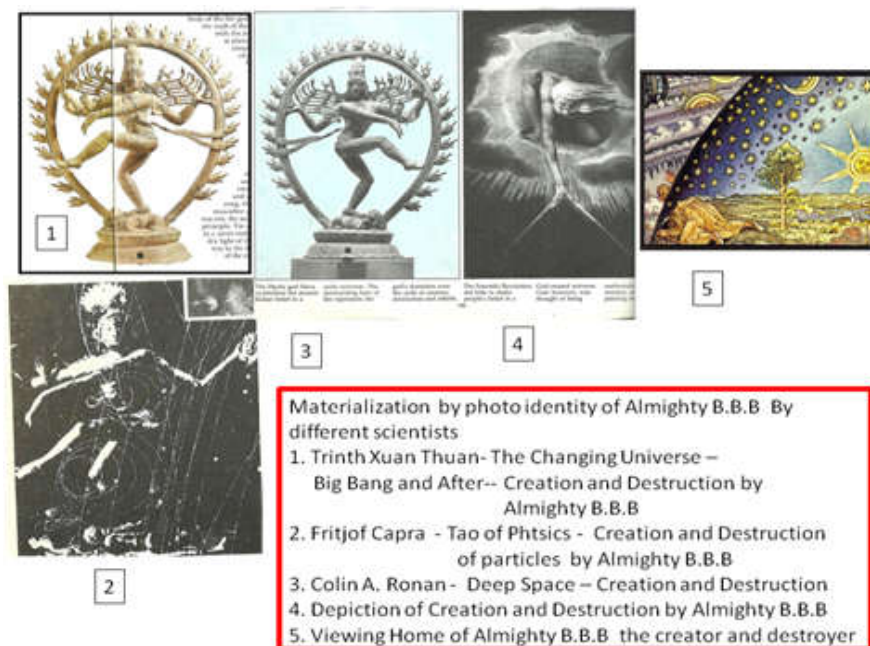

Fig. 1. About Almighty B.B.B or Allah ho Akbar or Lord Natraj

Amicable solution starts with research that Namaz is Idol worship of Tachyon particle whose reconstruction and photo depiction is Lord Natraj who is Allah Ho Akbar. If Indian Muslims respects Namaz as Idol worship then they have to put reconstruction in their Mosque and offer Namaz. Failing which would be considered insult and abuse to Almighty God or Allaha Ho Akbar. By order ACJ.

Election 2014 is fake. As during prayer we talk with Almighty , similarly Almighty talks with me also. This message was being delivered to election commission by **His order**. His wish is supreme and constitution of India is secondary to it. The mandate given by people of India is fake and discarded . Mr Sampath did not obey His order . He is found guilty and charged contempt of God . **Those who do not obey Almighty would be found guilty and would be charged contempt of god** - the highest punishment of universe . Be sincere towards Almighty .

Dear Sir ,

Almighty would rule this country in future . Hence your decision to conduct election LS in 2014 is not fair rather against the wish of Almighty . Please review your decision . Our constitution does not allow Almighty to rule . Hence constitution should be modified or it should be discarded.

THANKS
 DR DAS

2.2. Parliament is Found Guilty of Passing Bill on Foreign Chanda. Hence Professional Immunity of All MPs is No more. All MPs are Unfit to enter into Parliament as they are Guilty under section 420 IPC read with 109 IPC by breaking their professional Immunity

The Lok Sabha, earlier this week, passed without a debate a bill that will exempt political parties from scrutiny of funds they have received from abroad since 1976. Amid chaotic protests by the opposition parties on Wednesday, March 14, the Lok Sabha passed 21 amendments to the Finance Bill 2018. One of them was an amendment to the Foreign Contribution (Regulation) Act, 2010 that bans overseas corporations from funding political parties. The Representation of People's Act, which lays down the rules for elections, bars political parties from accepting foreign funds. Through Finance Bill 2016 passed earlier, the BJP government had amended the FCRA to make it easier for parties to accept foreign funds. Now, it has amended it further to do away with the scope for scrutiny of a political parties' funding since 1976. "In the Finance Act, 2016, in section 236, in the opening paragraph, for the words, figures and letters 'the 26th September, 2010', the words, figures and letters 'the 5th August, 1976' shall be substituted," the Lok Sabha website said listing amendments to Finance Bill 2018 approved on Wednesday.

The retrospective amendment will help BJP and Congress escape the fallout of a 2014 Delhi High Court judgment that held both guilty of violating the FCRA. The FCRA was passed in 1976. It defined a company Indian or foreign registered abroad or with subsidiaries abroad as a foreign firm. It was later repealed and replaced with the FCRA, 2010. The BJP government, through the Finance Act, 2016, had also changed the definition of a foreign company by saying a firm with less than 50% of share capital held by a foreign entity would no longer be a foreign source any more. This amendment also came into effect retrospectively from September 2010. Before the change approved last week, foreign funds received by a political party before September 26, 2010, when the FCRA was enacted, were open to scrutiny. Once Clause 233 in the Finance Act 2016 was passed, BJP and Congress simultaneously withdrew appeals in the Supreme Court against a Delhi High Court verdict that held them in violation of the law on foreign funding. The Lok Sabha on Wednesday adopted the annual Budget for 2018-19 by passing the Appropriation Bill, which authorises government departments to spend money from the Consolidated Fund of India, and Finance Bill, which contains taxation proposals. The approval without debate came even though three weeks remain for the current Budget Session of Parliament. First two weeks of the session have been almost a washout due to protests over the Punjab National Bank fraud and other issues by Opposition parties. This is only the third time since 2000 that Parliament has approved the budget without debate

In a petition which is filed in the public interest, the petitioner seeks a mandamus that "Science of Prayer" should be taught in all schools and colleges in the State as well as in other parts of the country so that our future generation should "know Almighty God".

What should be the curriculum of the schools and colleges is an academic matter on which the High Court is not competent to issue a direction. In any event, we see no public interest in the matter forentertaining the petition.

The petition is, accordingly, dismissed. There shall be no order as to costs.

2.4. Modification in Article 25 of Constitution of India

Article 25 Constitution of India Is Not On Scientific Believes. One Infinite Universe, One Teaching Of Two God Particles and One Religion "I" Means Worship of IDOL of Two God Particles. Only Idol Of Two God Particles "I" Will Persist Even After Destruction Of Universe We all belong to One Spirituality or one Religion i.e. "I" but with different Rituals and worships calling it Unification of Spirituality or Religions. Hence teaching regarding God in different religions (Hindu, Islam and Christianity etc realizations) are illusion. They donot teach about Two God Particles – The Real eternal God Particles. Religion "I" means Worship of IDOL of Two God Particles. It Persists Even After Destruction Of Universe. I am the origin of All. Everything evolved from Me – 10/8. Say With Proud "I" am Idol of TWO God Particles or Satyam Shivum Sundarum. All religions do IDOL worship of Two God particles in different ways. Unless brain sees idol of two God particles during worship, worship is incomplete. Conclusion Article 25 of Indian constitution has been modified by order of Almighty B.B.B. Freedom of conscience and free profession, practice and propagation of religion has been restricted or banned. Nobody on Erath could spread wrong believes of God like - God is One. God has No picture depiction. Idol worship is fictitious worship at highest consciousness. Instead of that one would spread right scientific believes like There are TWO God --or Two God Particles Or Two Basic Building Blocks .It has Photo depiction of Male and Female Called Stayam Shivum Sundarum. They are smallest Idols of The universe and Their Idol worship persist even after destruction of the universe. All religions are unified to Religion "I" as it would persist after destruction of the universe. Hence what eyes see is different (illusion) than what brain sees (Truth) and the truth is -- One absolute (Infinite) Universe (I), One Teaching Of Two God Particles (I) And One Religion "I" that will persist even after destruction of universe. Hence teaching regarding God in different religions (Hindu, Islam and Christianity etc realizations) are illusion. They do not teach about Two God Particles – The Real eternal God Particles. Only Two God Particles "I" will persists even after destruction of the universe. All religions do IDOL worship of Two God particles in different ways. Unless brain sees idol of two God particles during worship, worship is incomplete If Supreme Court believes that disputed bodies belong to TWO different religions and their Claims are different (land belongs to Hindu worship or Muslim worship), It is SC's greatest mistake. In reality spirituality of all so called all religions of Earth is one i.e TWO GOD PARTICLES or "I". On this fundamental believes, there is one religion or Religion "I" - means idol worship of two God particles is Religions "I" which will persist even after destruction of universe which is also called Universe "I". In precreation era, Almighty B.B.B thought to have creation of different rituals on earth by different names called -- Hindu, Islam, Christianity etc. Hence they are not different religions rather they all are different way of life and believes of GOD which is a game of Almighty to create an illusion and to put them all in a Big fight of different believes of GOD

and way of life. On this basis Article 25 of constitutions of India was framed which a wrong article and a greatest mistake. My point of view is that SC first see the game of Almighty B.B.B and wrong framing of article 25 of constitution of India. Unless Article 25 of Indian constitution is modified, Justice on Ayodhata issue and Amicable solution on Ayodhaya issue could not be thought off. Grievance of Almighty B.B.B registered by University of God (Fig 5.1)

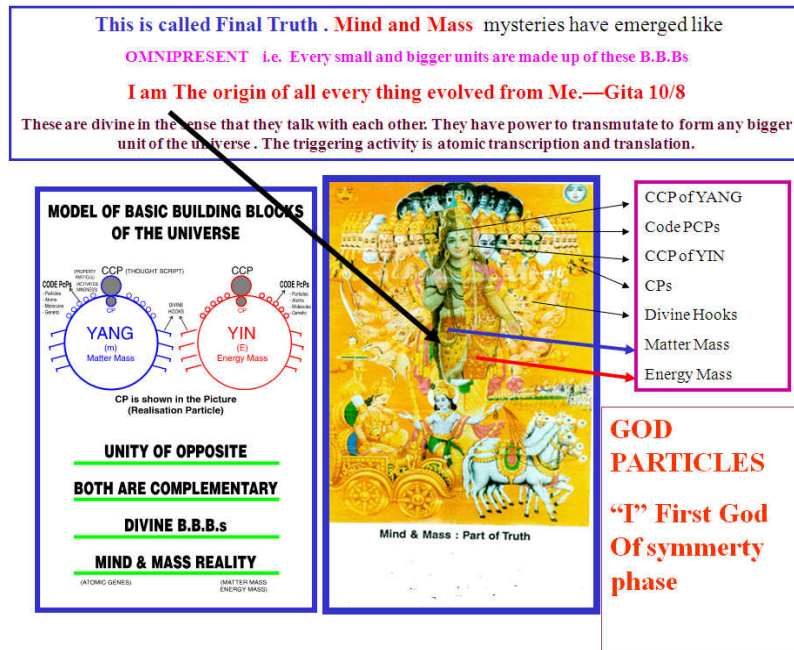

Fig. 5.1. modification in Article 25 as it is not on scientific believes

2.5. What is Religion "I" (Fig 6)

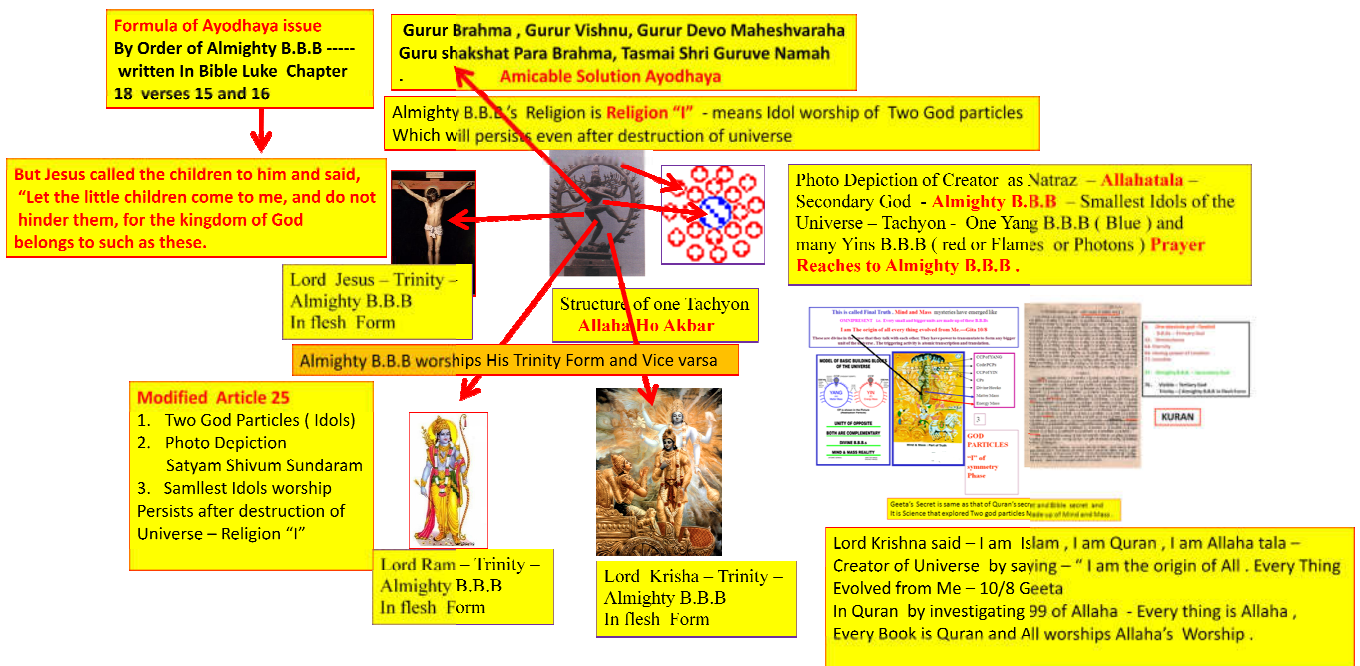

Fig. 6. Religion "I" – Worship of Idols of Two God particles called "Satyam Shivum Sundaram"

We all belong to One Spirituality or one Religion i.e. "I" but with different Rituals and worships calling it Unification of Spirituality or Religions. Hence teaching regarding God in different religions (Hindu, Islam and Christianity etc realizations) are illusion. They do not teach about Two God Particles – The Real eternal God Particles. Religion "I" means Worship of IDOL of Two God Particles. It Persists Even After Destruction Of Universe. I am the origin of All. Everything evolved from Me – 10/8. Say With Proud "I" am Idol of TWO God Particles or Satyam Shivum Sundaram. All religions do IDOL worship of Two God particles in different ways. Unless brain sees idol of two God particles during worship, worship is incomplete (Fig 6). The third aspect of amicable solution is secularization of God which would appear in the end of Kalyug i.e. God is out of religion. It is the science of Prayer that would redefine God's name and thus no religious names would be popular among scientists and thus God would be secularized. These names are – Primary God, Secondary God, tertiary God, trinity, and Tawhid.

For example

	Religious names of God	Secularized names of God or Scientific names	photo depiction
1	•Christian God – Jejus	Trinity (Almighty B.B.B in flesh form)	
2	•Islam – Allahatala	Secondary God (Almighty B.B.B) Creator	(smallest Idol) 
3	•Hindu God – Ram	Trinity (Almighty B.B.B in flesh form)	
4	•Jainism God --- Nirakar - postulate an eternal universe	Taw hid .(one absolute God or I)	
5	•Vedas – worship -Creation Sun , moon , plants , rain etc	Tertiary God (Visible units)	
6	Hindu Goddess Durga and Her Nine Avatar	Trinity (Yin B.B.B In flesh form)	

Fig. 7. Secularization of God

The Goddess Yin B.B.Bs (smallest idol) not only made the Earth Rather It has made the entire Universe along with Yang B.B.Bs.. Vandematram is the First song sung by Almighty B.B.B (Allahatala – male B.B.B – smallest Idol) and thus He worshiped YIN B.B.Bs as Vandematrum. Indians singing the Same song in the honor of Bharat ma (Goddess Yin B.B.B transformed into Indian land). Not Singing vandematrum is an insult to Allaha as “Every Thing Is Allah, Every Book Is Quran, Then All Worships Are Allah’s Worship.” Before creation of the universe, Almighty B.B.B (Allahatala) did sing a song (in His thought) rather worshiped The Goddess Yin B.B.B. and word He coined was Vandematram. Creator (Almighty B.B.B) used to worship goddess yin B.B.B since then and He ordered all humanity to worship Goddess Yin B.B.B first before His (Almighty B.B.B --Allahatala) worship to be performed in different religions in created universe. Goddess Yin B.B.B used to take avatar (trinity- Yin B.B.B in flesh form) as female as Goddess Durga and Her Nine Avatars.

This is called Final Truth : Mind and Mass : mysteries have emerged like OSUNPRESENT .ie. Every small and bigger units are made up of these B.B.Bs

 These are divine in the sense that they talk with each other. They have power to transmute to form any bigger unit of the universe. The triggering activity is atomic transcription and translation.

OR

The Creator, The Operator, and The Destroyer
 The teacher that is Omniscience i.e. Having knowledge of All
 We should give respect
 And He is One - Almighty B.B.B (Yang B.B.B) (Fig1)

In precreation era, Almighty B.B.B had thought what would be His Karma in created universe and thought appeared in above mentioned quotation .i.e. He would be Creator, Operator and Destroyer of the universe (Hoyle narlikar Universe) and He would impart as omniscience teacher all eternal and universal knowledge to mankind. That is how He became both Almighty God and Teacher of all knowledge of our Universe. Simultaneously He thought His name to be popular in created universe and the name is "Allaha". He defined Himself the word Allaha in 99 names. The attributes of the word Allah have been defined in His 99 names. The outcome of the word Allah and His attributes is – "Every Thing Is Allah, Every Book Is Quran, Then All Worships Are Allah's Worship." Before creation of the universe, Almighty B.B.B (Allahatala) did sing a song rather worshiped The Goddess Yin B.B.B. and word He coined was Vandematram. Creator (Almighty B.B.B) used to worship goddess yin B.B.B since then and He ordered all humanity to worship Goddess Yin B.B.B first before His (Allaha) worship to be performed in different religions in created universe. Since then Goddess Yin B.B.B used to take avatar (trinity) as female as Goddess Durga and Her Nine Avatars. The Secret of Gita is " I am the origin of All and Everything evolves from me " 10/8. The Outcome of Quran is "Everything is Allaha, Every Book is Quran, Then all worships are Allaha's worship". Gita's Secret is same as that of Quran. It has been depicted in Fig 5.1. Surya namaskar is the worship of Tertiary God (Allaha) as Sun is made up of two God particles ("I" of Gita). Thus we have achieved Win – Win situation. Similarly Namaz is worship of Almighty B.B.B (Allahatala) and it is Secondary God (Yang – male - God particle ("I" of Gita) working as Highest center of the universe). Thus we have achieved again Win – Win situation. Surya namaskar and namaz both are Allah's worship and Allaha is made up of God particles ("I" of Gita) of this creation .. All worships are Idol worship as everything is made up of Two God particles. Whether one performs Surya namaskar or Namaz, it is Idol worship of Two God Particles. Hence it is immaterial whether it is performed in Mosque or Temple or anywhere in world (Fig 9).

Fig 9. Surya Namaskar or Namaz – worship of Allaha or “I” of Gita – one is tertiary God other one is Secondary God of science nomenclature.

2.7 Gita's secret is same as that of Quran and Bible. It is science that explored two God particles made up of Mind and Mass (Primary God).

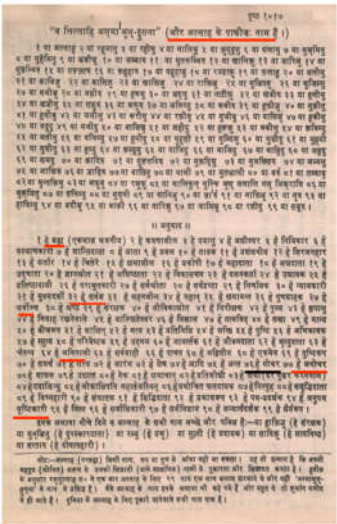

Right knowledge evokes both of them (Hindu and Muslim) to pray Almighty B.B.B under one roof. It is called Win Win situation.

This is called Final Truth . Mind and Mass mysteries have emerged like
 OMNIPRESENT i.e. Every small and bigger units are made up of these B.B.Bs

QURAN

Every Thing Is Allah, Every Book Is Quran, Then All Worships Are Allah's Worship."

इस प्रकार गीता का रहस्य कुरान के रहस्य और बाइबिल के रहस्यों के समान है। गीता का रहस्य है - मैं सभी का मूल हूँ हर चीज मेरे पास से विकसित हुई - 10/8

Fig 10. Gita's secret is same as that of Quran and Bible. It is science that explored two God particles made up of Mind and Mass (Primary God)

2.8. Sleep and arousal phenomenon in Universe "I".

Hence Idols never sleep as they are made up of particles, Atoms and molecules. Idols are set of informations (Code PcPs) and that too not changing or fixed. In us, death set of informations are different than life set of informations and our set of informations could be recreated only by Almighty B.B.B. Hence death is illusion in us. In Idols, single stage of set of information is there and particles, atoms, molecules have arousal state of mind (Eye open). Hence Idols are alive even in statue stage by virtue of arousal - sleep property (property of life) of God particles (Mind and Mass). (Fig 11)

Fig 11. Sleep and arousal phenomenon in Universe. State of God particles (Sleep – Arousal Cycle in one creation in different stages. Tachyons particles and particles, atoms and molecules) of universe “I”

2.9. Quran is Shiv Puran and vice versa

Shiv Puran means ardhnareshwar or two god particles or Mass. Geta means Mind. Quran means both Mind and Mass or Allah.

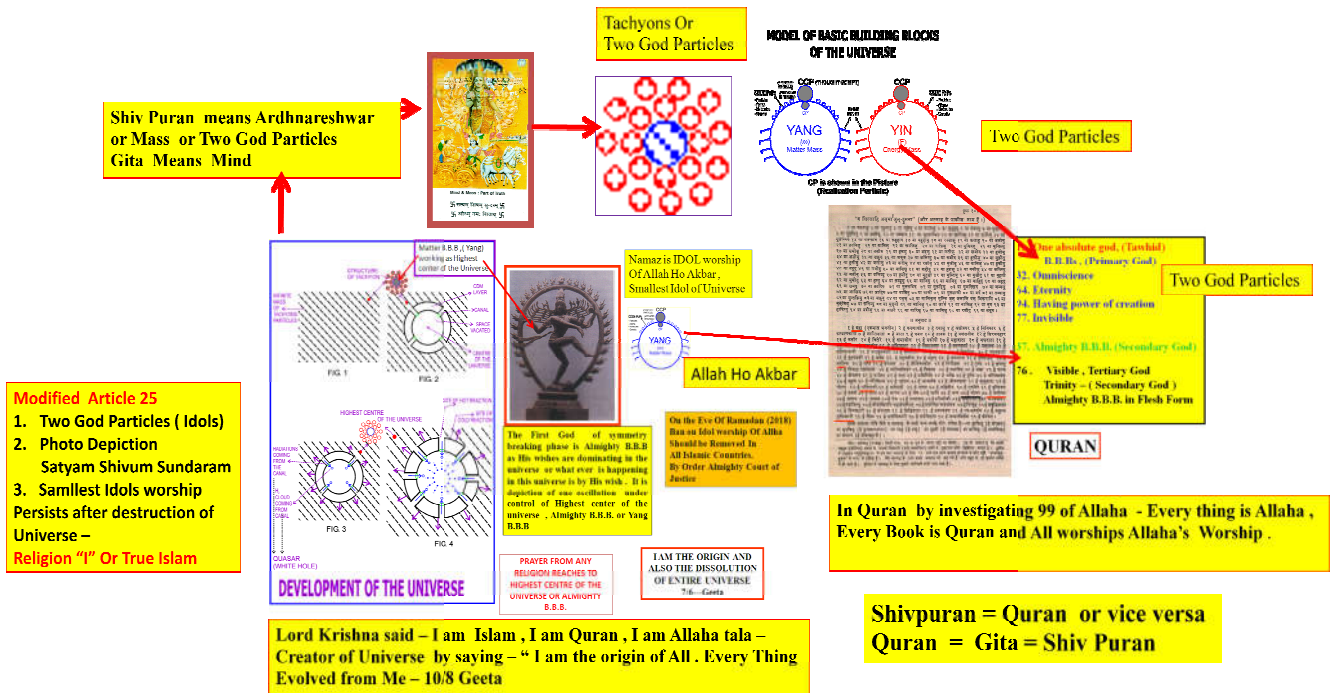

Fig 12. Quran is Shiv Puran and vice versa

2.10. Namaz is worship of Tachyon which are made up of Two God particles. Its reconstruction is Lord Natraz. Thus uplift on ban on idol worship in all Islamic countries is ordered by ACJ

Photo Depiction of Creator as Natraz – Allahatala – Secondary God - Almighty B.B.B – Smallest Idols of the Universe – Tachyon - One Yang B.B.B (Blue) and many Yins B.B.B (red or Flames or Photons) Prayer reaches to Almighty B.B.B. Namaz is Idol worship Tachyon particle OR Allah Ho Akbar. Reconstruction of Tachyon is Lord Natraz on Earth. Amicable solution starts with research that Namaz is Idol worship of Tachyon particle whose reconstruction and photo depiction is Lord Natraj who is Allah Ho Akbar. If Indian Muslims respects Namaz as Idol worship then they have to put reconstruction in their Mosque and offer Namaz. Failing which would be considered insult and abuse to Almighty God or Allaha Ho Akbar. By order ACJ.

Fig 13. Namaz is worship of Tachyon particle made or smallest idol or Two god particles. Thus uplift on ban on idol worship in all Islamic countries is ordered by ACJ

SC does not know that Mosque is now essential part of Namaz as Lord Natraj is Allah Ho Akbar and His Idol would be put in All Mosques of world and Namaz would be offered before Lord Natraj as it is reconstruction of tachyon particle being worshipped by all Muslims. Hence 1994 case of Ismail Farrukhi where Mosque is not considered an essential part is to be modified now. By order ACJ

Conclusion

It is the thoughts that trigger arousal (some thought expressions are active mainly related with higher functions) and sleep (some thought expressions are inactive mainly related with higher functions) phenomenon by virtue of sleep and arousal property of B.B.B .It is TM (time mindness) that trigger and regulate sleep arousal phenomenon. . Similarly in symmetry phase of universe, thought of sleep triggers that makes all God particles in sleeping stage but alive. When universe got created, these sleeping thoughts get transformed into arousal thoughts and arousal state with the result formation of particles, atoms and molecules took place. Idols are made up of these stuff, hence they are in arousal state and by virtue of this property they are alive. (Pran Pratishtha). Sleep (mind close eyes) and arousal state (mind open eyes) is common in all stages of the universe (B.B.B, particles, atoms, molecules, cell, animal and plant kingdom). Hence Life means sleep and arousal phenomenon (new definition). Hence statues are alive because they are in arousal state of mind. (Open eyes) till creation exists. After the creation is over all stages of God particles would come in sleeping state in symmetry phase (close eyes –mind) but alive (new definition). Arousal Cycle in one creation in different stages (Tachyons particles to particles, atoms and molecules and) of universe. Universe “I” is always Alive (new definition) whether it is in sleeping state of mind or arousal state of mind.
