ABSTRACT

It is being believed that Muslims do not do idol worship. It is myth. Before origin of the universe all things were in form of tachyons particles which are made up of two basic building blocks – Yang and Yin or mind and mass part of reality (Not set of informations Code PcPs – Originator of all sets of informatins Code PcPs). To understand concept of idol worship we have to understand Basic Building Blocks (B.B.B – Mind – CCP, Code PcPs or set of informations and CP and Mass -- Fig 1). The Creator B.B.B or Almighty B.B.B has considered them as smallest idols. Hence He has made idol picture of male and female parallel to these B.B.Bs Fig 1. The fundamental belief of all religions on which the base (Main Pillars) of all religions is stood are these two God particles and the fundamental worship is Idol worship of these two God particles. At the end of universe all sciences fundamentals (shapes, laws, and properties) would be no more but religious fundamental about God particles and their Idol worship would persist in form of "I" or "Satyam Shivum Sunderum" Muslim do believe that Allaha means The Creator only. After researching 99 names of Allaha in the light of science and the paper published in Journal [12], we found that the word Allaha means – Primary God, Secondary God, tertiary God, trinity, and Tawhid. in the light of science. His portrait Fig 20 represents Tachyon particle (One yang B.B.B and many Yins B.B.B) apart from Creation and Destruction of universe under control of Almighty B.B.B. The admiring of this Almighty B.B.B is Allaha ho Akbar. Worship of Tertiary God is also Idol worship as these are made up of smallest idol of the universe Fig 21. Hence All worships are Idol worship in this universe as all are made up of smallest idol called B.B.Bs, the true fundamental belief of all religions. This belief persists even after destruction of the universe in form of "I" Sikh theology informs us that there are 3 aspects or qualities (Guuns) of Maya - Raj Guun, Tamo Guun and Sato Guun. Prior to Sikhism within Hinduism it was expressed by Krishna to Arjuna summing it up as Sat Gun produces Gyaan (knowledge), Rajo Gun produces greed (attachment of karm and their fruits), and Tamo Gun produces Moh (laziness and craziness also). Say No to Char Dham (MAYA or Holy places or created universe) Or Macca – Madina etc Only One True Religious Place (also a Holy Place) where one does prayer if one sees two god particles or tachyon particle by brain whose photo depiction and reconstruction is Lord Natraz or Allah ho Akbar.

INTRODUCTION

What is a Maya in Gurbani? [1]

Shri Maya Jag Taarni.

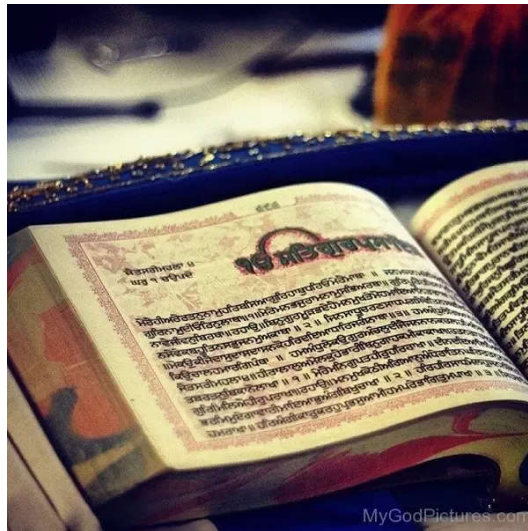

Sikh theology explains that everything in this world is an **illusion (maya)**, and that the only true reality is Waheguru. **Maya** is assumed to stand between man and reality, producing error and illusion in the human mind, and creating difficulties in the individual's progress to a state of knowledge and bliss. It is interpreted variously as **a veil or curtain concealing reality** (koodh da parda).

"Jag rachna sab jhooth hai jaan leho re meet"

The world and its affairs are totally false. Know this well, my friend. So anything that makes you forget God is Maya according to Sikh Gurus.

What is Maya?: According to Sikhism, Waheguru, or the Eternal Being is the only truth in the World. All other worldly things are illusions. Anything that pulls us away from God can be highlighted as Maya. Maya can be anything that can influence a person to devote his efforts elsewhere. For example: We spend all our lives trying to Gather Money and become Rich. We want luxury lives and Luxury Houses. But in the end nothing truly goes with us, all is left behind to rust.

Money is a type of Maya: Since we are so lost in earning huge Income packages, he lose the Path to God. Another example of Maya is Power. Some people do not creed Money, they Creed Power over others. The will to become powerful can often lead a person to dark paths. We do not realise, that Waheguru is the Only one with Power, limitless Power. Sikh theology explains that everything in this world is an illusion, and that the only true reality is Waheguru. A person affected by maya is described, in the Sikh Scripture, as suffering from the delusion of believing that those things which are fleeting and impermanent are worth pursuing and permanent.

Three Qualities of Maya

Raj guṇ ṭam guṇ saṭ guṇ kahī'ai ih terī sabḥ mḡi'āḡ. Ḥa'uthe paḡ ka'o jo nar chīnhai ṭinh hī param paḡ pḡi'āḡ. (2). Raajas, the quality of energy and activity; Taamas, the quality of darkness and inertia; and Satvas, the quality of purity and light, are all called the creations of Maya, Your illusion. That man who realizes the fourth state - he alone obtains the supreme state.(2)

Sikh theology informs us that there are 3 aspects or qualities (Guuns) of Maya - Raj Guun, Tamo Guun and Sato Guun. Prior to Sikhism within Hinduism it was expressed by Krishna to Arjuna summing it up as Sat Gun produces Gyaan (knowledge), Rajo Gun produces greed (attachment of karm and their fruits), and Tamo Gun produces Moh (laziness and craziness also).

Let us try to keep as simple as possible with examples. Yes may a is anything that takes you away from IKOANKAR **BUT** *then if money is maya should we stop earning? What does it mean takes you away or forget GOD as GOD is within us?* Even thieves say prayers or rember GOD before they go and steel, then is it ok to steel?. For example realtor is earning his commission according to the percentage he decides with the buyer or seller of the property. Lets say he earns around 40,000 bucks of any currency. Does that means its maya as he was busy earning that money? NO absolutely not. If the same realtor cheats seller or buyer by not giving the rite information of money and is able to take extra money than his commision will be considered as MAYA. Because he forgot that there is a GOD in other person as well. He forgot that children of other person deserve that money not him. For example one person is a good author but if starts writing wrong information or knowledge just to sell his books, his knowledge of writing is considered as MAYA. Even if he writes without passing any wrong information but he has this ego that nobody else can write like him is considered as MAYA as well.

Foreword messages about Modern Science

Prof. S.W.Hawking- His hopes for the attainment of a fundamental theory of nature, and its relevance to the general public, are best summed up in the concluding paragraph of his famous book: "... if we do discover a complete theory, it should in time be understandable in broad principle by everyone, not just a few scientists. Then we shall all, philosophers, scientists and just ordinary people, be able to take part in the discussion of the question of why it is that the universe and we exist. If we find the answer to that, it would be the ultimate triumph of human reason, for then we would know the mind of God".

2. Prof. Roger Penrose- In The Emperor's New Mind, a bold brilliant, groundbreaking work, he argues that we lack a fundamentally important insight into physics, without which we will never be able to comprehend the mind. More over he suggests, insight may be the same one that will be required before we can write a unified theory of everything.

Quantum Consciousness – According to Physicists and Biologist

The nature of consciousness remains deeply mysterious and profoundly important, with existential, medical and spiritual implication. We know what it is like to *be* conscious – to have awareness, a conscious ‘mind’, but who, or what, are ‘we’ who know such things? How is the subjective nature of phenomenal experience – our ‘inner life’ - to be explained in scientific terms? What consciousness actually *is*, and how it comes about remain unknown.

The general assumption in modern science and philosophy - the ‘standard model’ - is that consciousness emerges from complex computation among brain neurons, computation whose currency is seen as neuronal firings (‘spikes’) and synaptic transmissions, equated with binary ‘bits’ in digital computing. Consciousness is presumed to ‘emerge’ from complex neuronal computation, and to have arisen during biological evolution as an adaptation of living systems, extrinsic to the makeup of the universe. On the other hand, spiritual and contemplative traditions, and some scientists and philosophers consider consciousness to be intrinsic, ‘woven into the fabric of the universe’. In these views, conscious precursors and Platonic forms preceded biology, existing all along in the fine scale structure of reality.

Das, Shrimaya jag taarni -- guruvani [1] means akoahum bahushymi means universe "i" or hoyal narlikar universe. means two god particles (truth or eternal structure or eternity or primary god or twahid) transformed into created universe (maya - tertiary god and trinity) by order of almighty god or lord natraz or creator b.b.b or allaha ho akbar (truth - secondary god)

My research involves a theory of consciousness which can bridge these two approaches, a theory developed over the past 20 years with eminent British physicist Sir Roger Penrose. Called 'orchestrated objective reduction' ('Orch OR'), it suggests consciousness arises from quantum vibrations in protein polymers called microtubules inside the brain's neurons, vibrations which interfere, 'collapse' and resonate across scale, control neuronal firings, generate consciousness, and connect ultimately to 'deeper order' ripples in spacetime geometry. Consciousness is more like music than computation. Colleagues Travis Craddock and Jack Tuszynski and I also study how anesthetics act in microtubules to erase consciousness, and with Jay Sanguinetti, John JB Allen and Sterling Cooley, we are studying how transcranial ultrasound (TUS) can be used noninvasively to resonate brain microtubules and treat mental, cognitive and neurological disorders. Mind and Mass Realities [2]

This is called Final Truth . Mind and Mass mysteries have emerged like
 OMNIPRESENT i.e. Every small and bigger units are made up of these B.B.Bs
 I am The origin of all every thing evolved from Me.—Gita 10/8
 These are divine in the sense that they talk with each other. They have power to transmutate to form any bigger unit of the universe . The triggering activity is atomic transcription and translation.

Fig. 1 Divine Mechanics Unit – CCP, CP and information s – Code PcPs with B-Bit – Mass

Atomic genetics is the branch of science where we investigate about fundamental interactions of the universe i.e. atomic transcription and translations. New words have been coined to understand hidden science of mind part of reality. Mind reality has been recognized as different faces by “I” about 5000 years back to Arjuna in Mahabharata.as shown in Fig 1. It is just like to understand any language through Alphabets. These are (different faces) Alphabets of mind reality. One Mind reality has one face identity and the second mind reality has second face identity and so on. The facial expression represents phenomenon of intelligence and different faces represent different types of properties carrying property.

The open eyes means property is activated while close eye means property is inactivated. In spite of carrying properties consciousness they also know how to conduct not only origin of universe but also how to create two different universe i.e. next creation could be different from this creation. In all, it is automatic system of the universe. The mind realities which are of good properties have devtas face identity (first five faces on both side) and those mind realities which are of bad properties have demons face identity (last four faces on both side).

These are named as code PCPs or messenger atomic genes. The central face is CCP or Thought script where all thoughts of the universe are banked. It is bank of data of all information s of the universe It is face identity of Anti mind particles as data of all information’s of the universe are stored as anti mind particles. It is the Time mind ness (biological clock) that keeps on expressing different thoughts from this thought script (CCP). There are four more faces (black bodies) shown on extreme left and right floating in fire are CPs (translating Atomic genes). That translates the messages and realizes it and reacts accordingly.[2]

The standard model not only modified rather it has been completed [3] with introduction of energized gravitons, primary fermions, primary bosons, Basic Building Blocks, Mind and Tachyons as shown in Fig 3

Participatory science has coined [5] some new words and there are some words which already exist in physics. Both these words are defined here and the definitions are according to participatory science. It has no relation with the definitions given in modern physics.

Mass: The part which gives shape to the smallest mass unit i.e. basics building blocks (B. B. Bs.) is called mass.

Matter: Mixture of fermions and bosons or only bosons which are made up of mass (B.B.Bs) and that is why we realize their shape is called matter.

Inertial mass: Mass (smallest mass units i.e. B. B. Bs) having inertial properties (classical inertia) either absolute rest or uniform motion in straight line is called inertial mass. Or Number of B. B. Bs. Per unit space present in bigger units is called inertial mass. Or Total matter contained by the bigger units or total number of fermions and bosons contained by the bigger units is called inertial mass. Therefore it never changes from place to place.

In the neuron there is electrical activity called pacemaker activity which is occurring between dendrites and the body of the neuron. The membrane of the cell is made up of atoms and atom is made up of B.B.Bs. At the level of B.B.B. say thought of 'O GOD HELP ME' is expressed. As a result programmed messages of O GOD HELP ME (code PCPs) are formed. Out of three programmed messages, one is carried by atomic genes to highest center of the universe. It is called THOUGHT RAY (Quantum entanglement) which is made up of pure atomic genes and then the message goes through phenomenon called first transcription. They come out from brain directly. The other two messages are carried by photons from nucleus of atom to electrons. Here they are modulated on electrical activity of the cell called pacemaker activity. Further they are modulated on actions potentials going towards REALIZING CENTER situated in brain stem (RAS) and from RAS to speech area situated in the frontal area. Target B.B.Bs. of the realizing center finally realizes thought effect of O GOD HELP ME. While from speech area message goes to motor cortex again via RAS and from there to vocal cords and finally it comes out as a speech effect of O GOD HELP ME. In layman's terminology formation of the thought ray means PRAYER as shown in Fig 4

Where Does Prayer Message go ?: Prayer message goes as shown in Figure 5 to highest center of the universe via first transcription where it is realized and it is accepted, the highest center sends two messages to B.B.Bs working as higher center in cancer cell. These messages are message of inhibition of abnormal thought expression and message of activation of normal thought expression. Having received the messages, higher center stops expressing the abnormal thoughts and it starts expressing the normal thoughts. As a result, there are no more abnormal programmed messages and in place of that normal programmed messages are there. Now the messages have shifted from abnormal (5 and 6) to normal (2 and 3). This shifting of thought expression is called ATOMIC GENETIC ENGINEERING as shown in Figure 4.1

The changed messages reach to target B.B.Bs. through same route. Having received the changed messages, target B.B.Bs. stop expressing the previous programming and they start expressing the normal programming. As a result the cancer cells transmutate into normal cells. Or diseased cell gets cured [6] as shown in Fig 4.1

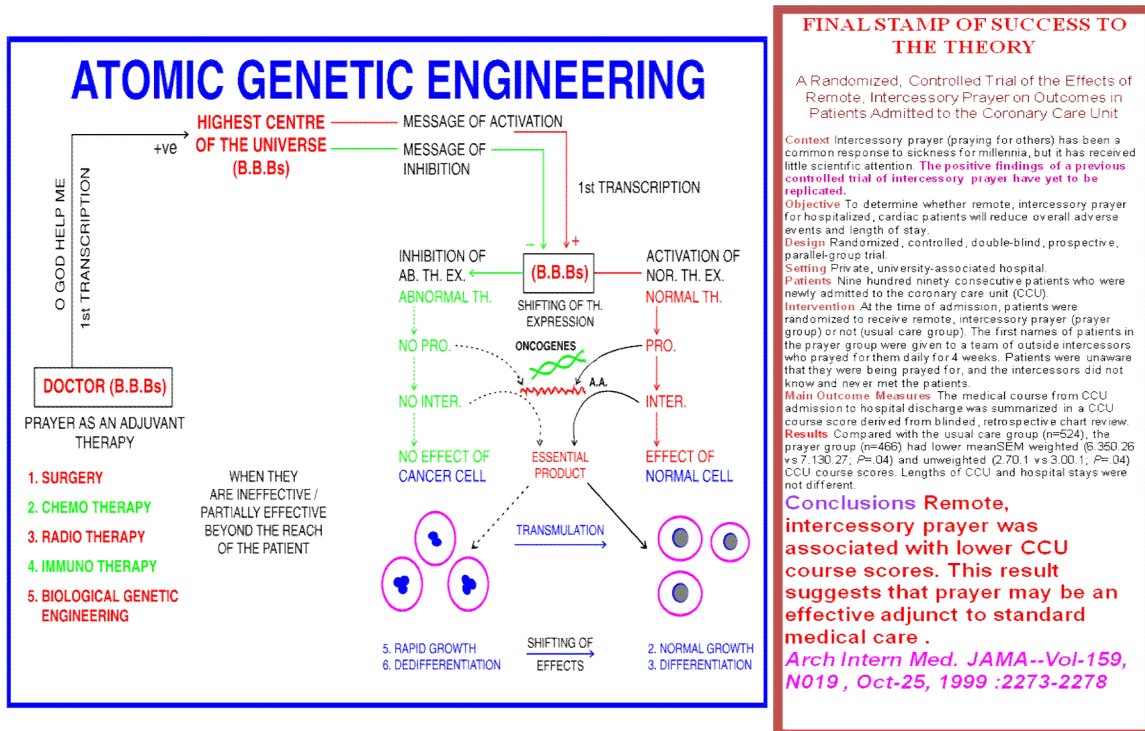

Fig. 4.1 A.G.E and Final stamp of success to New Theory [6]

Message system of the Universe: Before the origin of the universe [2] nature had only one type of message systems which is called FIRST TRANSCRIPTION. Messages (Code PcPs) used to go from one B.B.B. to another B.B.B. by atomic transcription. Messages were carried by atomic genes (Code PcPs) with very very high velocity. It is the fundamental message system. After the origin of the universe, nature created atoms. It also created one more message system called SECOND TRANSCRIPTION. Here the message (code PcPs) are carried by photons from one atom to another atom with velocity of light. Thus atoms, molecules, cells, and even individuals talk with one another. After the formation of the cell, nature created one more system called THIRD TRANSCRIPTION. Here there is a message storage system formed by DNA. There are messenger molecules called mRNA that carry message from DNA script to cytoplasm where the message (code PCPs) is read or translated by ribosome and they work accordingly. Thus the messages reach to enzymes and hormones and finally messages reach to target units. Having received the

messages, target units work accordingly. Finally life effects (metabolic) are observed. These three types of message systems are working in the nature. These message system are being used by the nature according to nature's need. as shown in Fig 5.

Fig. 5. Messages system of the universe

How does nature work & triggering of normal & abnormal effects : To understand creation physics as shown in Fig 6 and Fig 7.. There are two types of thought stimulation [2]. One is **CONDITIONED THOUGHT STIMULATION** and other one is **UNCONDITIONED THOUGHT STIMULATION**.

Stimulation of thought expression: There are two types of thought expressions one is conditioned stimulation of thought expression, and other one is self stimulation of thoughts i.e. Unconditioned stimulation of thought expression.

At the time of the origin of the universe, all effects got created. The cause of all effects of the universe is **THOUGHT** expression. These thought expressions were triggered by **UNCONDITIONED OR SELF STIMULATED WAY**. It is the first step and it is followed by **PROGRAMMING** or formation of programmed messages by code PCs. This programmed message moves from higher centers to target B.B.Bs. it is called **INTERACTION**. Having received the messages, the mind and mass of the target B.B.Bs. work in a synchronized way so as to produced the effects as thought by a the higher center. If the thought expression by higher center is normal, the shapes, properties and laws produced by target B.B.Bs. would be normal and if the thought expressions are abnormal, the shapes, properties and laws would be abnormal. This is the basic concept of transmutation phenomenon. Finally what we observe is called **EFFECT**. Appearance of new shapes. properties and laws is called **TRANSMUTATION**. The first three steps are collectively called **CCP**. During transmutation process if CCP is written, it does mean that unless the thought, programming and interaction take place, nature cannot transmutate. Transmutation phenomenon is seen in particles, atoms, molecules and even in cells. The basic steps of any transmutation remain the same except that the thought expressions differ. *The subatomic particle are made up of more fundamental particles called Basic Building Blocks (B.B.Bs) which are made up of mind and mass. These B.B.Bs are divine in nature with the result they talk with each other by phenomenon called atomic transcription and translation (thought expressions). The triggering of broken symmetry is caused by atomic transcriptions. Unless the atomic transcriptions occur, subatomic particles could never exhibit phenomenon of broken symmetry. So the broken symmetry is never*

spontaneous. It is being mis understood that sub atomic particles do have spontaneous activities as far as broken symmetry is concerned. Hence the Nobel prize physics 2008 awarded to this work is too early to give prize.

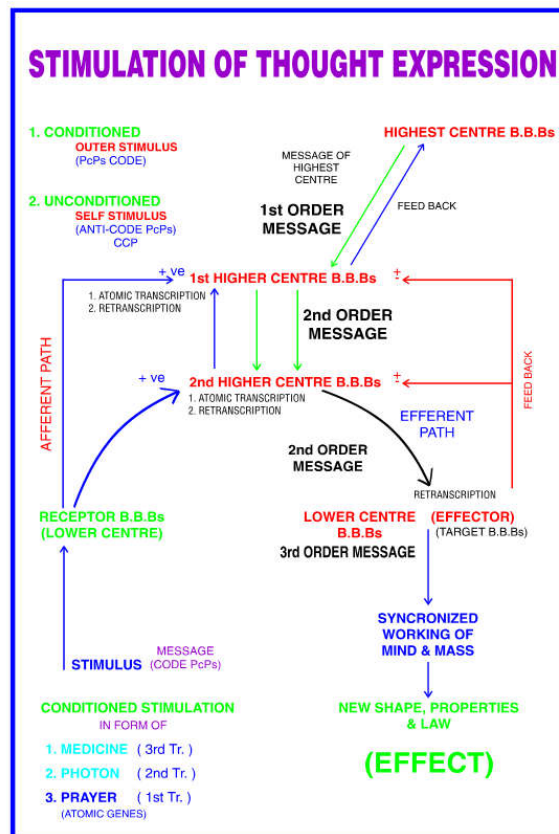

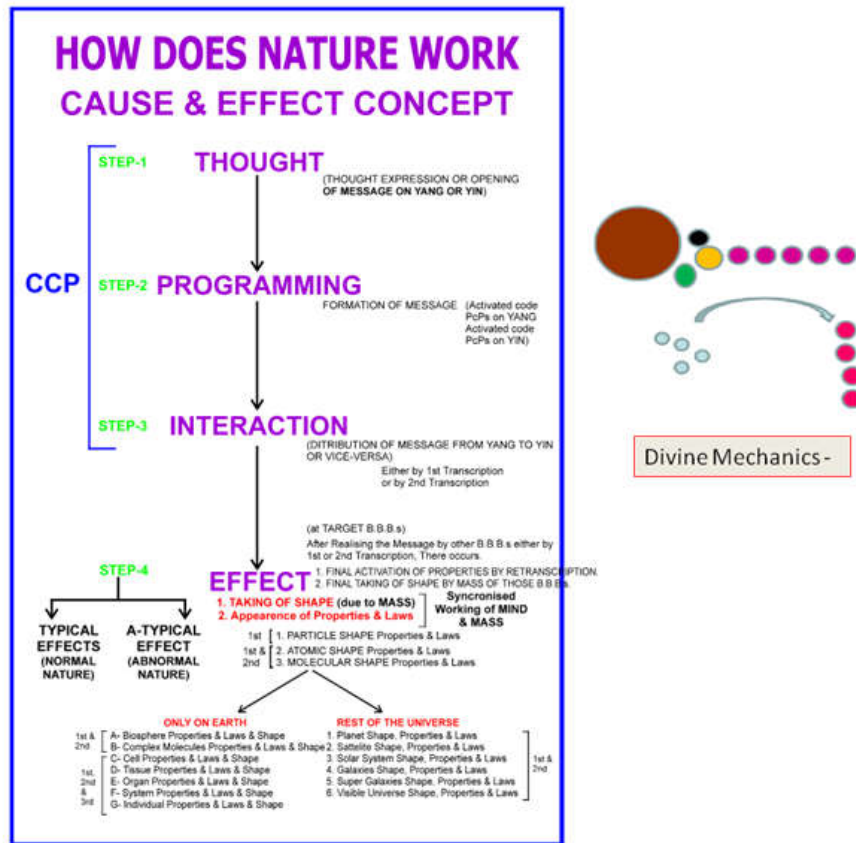

Fig. 7 Conditioned and Unconditioned thought expressions

Message network of the Universe (Feed Back Mechanism and different centers of the Universe): With the origin of universe, nature first created primary units i.e. primary fermions (gravitation) and primary boson, these primary units are equipped with one higher center (one B.B.B.) and rest of the B.B.Bs. are working as lower centers or target B.B.Bs.[2] After primary units,nature created secondary units i.e. secondary fermions and secondary bosons. similarly nature created tertiary units (lepto-quarks) and then quaternary units (protons& neutrons). Each unit is equipped with higher centers, lower centers and target B.B.Bs. After quaternary units nature created atomic units, molecular units, complex molecules of life units, organelle units, cell units, tissue units, organ units, system units and individual units. Each unit is equipped with higher centers, lower centers, and target B.B.Bs. Similarly nature created satellite units, planet units, solar system units, galaxy units, super galaxy units, dark matter layer unit. These units are also equipped with higher centers, lower centers and target B.B.Bs. Thus our universe is divided into different units and each unit is equipped with higher and lower centers.

All higher centers are under control of highest center of the universe by efferent paths. This efferent path is made up of first transcription. Higher centers can send messages to highest center of the universe by afferent path or feed back path. Thus highest center of the universe is well informed about all effects of the universe. Messages can come from lower centers to higher centers and from higher centers to highest center of the universe via afferent path. The highest center of the universe can send messages to higher centers and from higher center to lower centers. There is an inter unit message network also which is made up of first, second and third transcription depending upon the nature's need. Thus the entire universe is under control of highest center of the universe. Highest center can change any programming programmed by it during pre creation era as shown in Fig 8

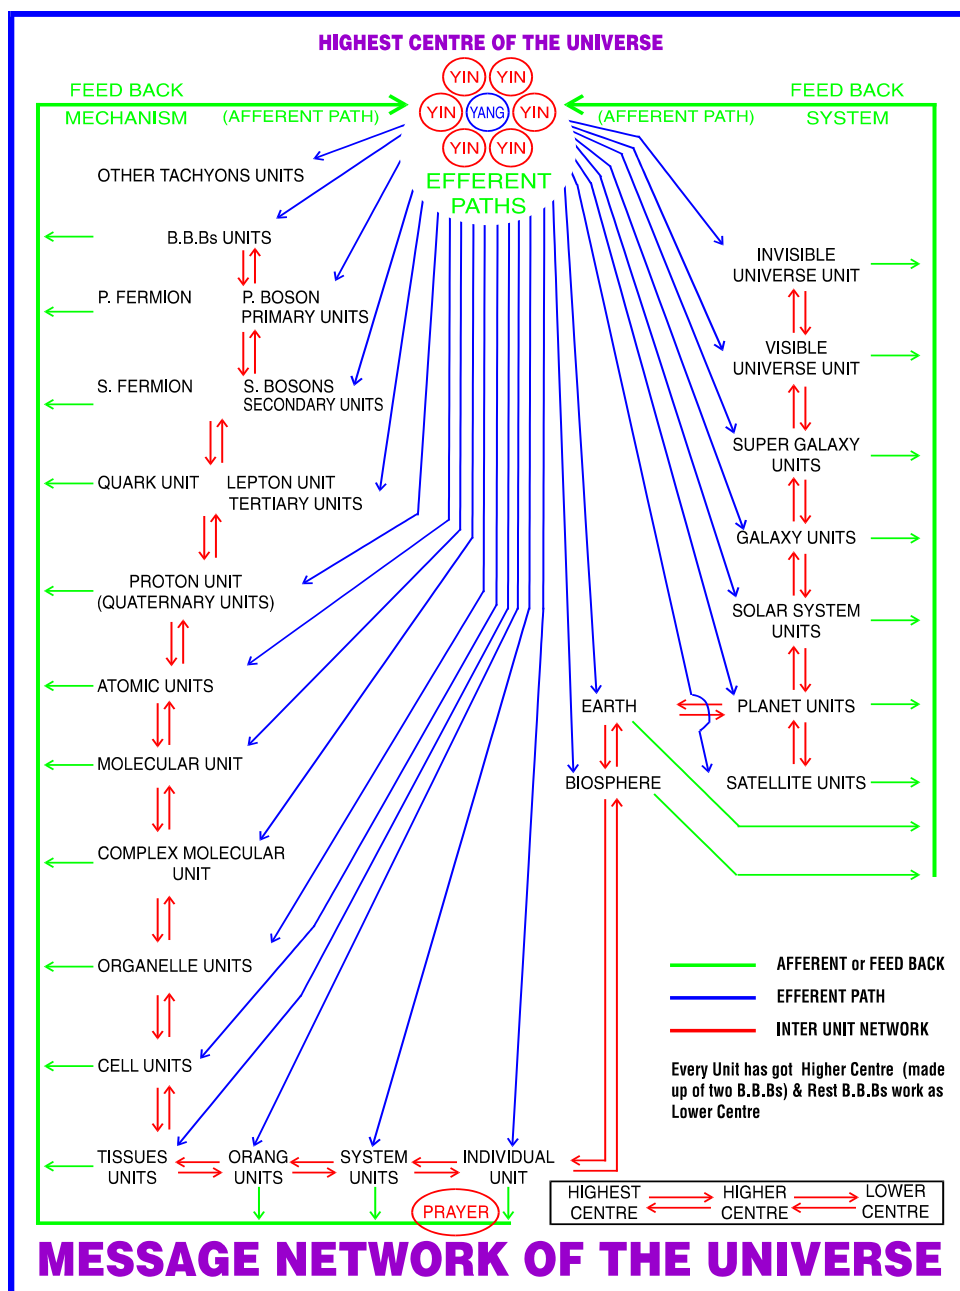

Fig. 8 Messages Net work of the Universe

1.8 Origin of the universe [7]

UNIVERSE "I"

Fig. 9 Development of the Universe

Before the origin of the universe, these Basic Building Blocks (B.B.Bs) as shown in Fig-3 were in the form of tachyons as shown in Fig- 9 [7]. It means that at that time the tachyons were everywhere in the universe. Let us look at the structure of tachyons; it is made up of one matter B.B.B. (YANG) and many energy (YINs) B.B.Bs. Initially out of the infinite tachyons, one became the highest center of the universe. Messages used to go from highest center to rest of the universe and messages could come from rest of the universe to highest center of the universe by atomic transcription. Thus highest center had fed its thought to rest of the B.B.Bs. that would take part in creation - that they would express only those thoughts to give desired effect as wished by the highest center of the universe. So all B.B.Bs were informed about their role before creation of the universe. In pre-creation era programming of the future universe was done by highest center of the universe. Our universe is oscillating and it is a divine universe. It means that it has a creation phase and a destruction phase. During creation phase tachyons break into their B.B.Bs. and from these B.B.Bs, formation of fermions and bosons take place as shown in Fig 3.1. After the creation phase, destruction would start and in this phase all created particles would again break into their B.B.Bs and finally tachyons would form. At the time of origin of the universe, all the effects got created. These effects are taking of different shapes and appearance of properties and laws. All these effects are studied in various branches of science. With the origin of the universe, nature first created a sphere of COLD DARK MATTER (C.D.M) and canals in it. With the result space got created. At the other end of the canals, hot reaction started (the relics are back ground radiations 2.7 degree K of our hydrogen clouds). As a result hydrogen clouds and lot of radiations were created. The empty canals were filled by these hydrogen clouds and radiations and thus QUASARS appeared in the universe. Simultaneously C.D.M. layer started expanding and clouds and radiations kept on coming in this closed universe as shown in Fig 9. With the passage of time more and more C.D.M. layer formed, more and more quasars formed. The hydrogen cloud came in this closed universe. They started running towards C.D.M. layer as they were attracted by the gravity of C.D.M. layer. Those clouds, which were nearer, moved faster than those, which were away from CDM Layer. The HUBBLE LAW, can thus be explained. With some more passage of time, clouds were joined to form GMC (giant molecular clouds). Later by self-gravitation different proto stars, proto planets, proto satellites were formed. Finally stars became bright and thus bright galaxies appeared in this universe. Our universe is still in expansion phase and creation is still going inside quasars. It is to be remembered that highest center of the universe does not come in the visible universe. It keeps on receiving the messages by atomic transcription and it has power to change any programming programmed by it during pre-creation era.

It is the atomic genes which constitutes mind part of reality. Mind incorporation in physics is awaited as theory of every thing is not yet investigated. I have investigated theory of every thing (ToE) and I found that while studying unified theory at the time of origin of the universe by Hoyle Narlikar universe, it was mind reality that triggered symmetry breaking phase. It is mind reality that triggers oscillation phenomenon of the universe. It is the mind reality which is behind perfect cosmological principle. There is nothing like artificial intelligence in the universe. These mind particles constitute intelligence of the universe that controls the deterministic order of the universe. It is the mind reality behind all effects of the universe. But this is not our mind rather it is mind of Almighty B.B.B (Yang B.B.B or matter B.B.B. or Male B.B.B working as Highest center of the universe). His mind could be manipulated by prayer only. as shown in figure 9.1 and 9.2

Divine Mechanics and Brain Computation: Learning and Memory and information s (Code PcPs) Net work in Brain [10]

Divine Mechanics and Brain Computation

Fig 12 Divine Mechanics of Brain Computing System – Learning and memory

At all steps, these are B.B.Bs (B-Bit) that are responsible for information’s control and triggering. If CCP is written it means unless atomic transcription and translation occur, brain cannot have learning and memory triggering and control and it is called Divine mechanics of Biology and it is life. These are higher thought expressions of B.B.Bs. In Bits of classical computers and qubits of QC, the thought expressions are lower and different but the mechanics (DIVINE) remains the same. as shown in Fig 12

Fig 13. The Theory of Computers and Brain are same – DIVINE MECHANICS

(Structural and Functional smallest Bit (mass) is B-Bit of the universe and the Divine Mechanical Unit is CCP, Code PcPs and CP.)

DIVINE MECHANICS The Theory of Computers and Brain is SAME as shown in Fig 13. Physics dictates the lowest limits of the size of chips [11]. But divine mechanics does not. Hence the bit is a typical unit of information. ((Classical and Quantum Bit) is wrong and to describe informations by adding qubit is also illusion as in complicate system, it is the different thoughts expressions that describe informations. Informations are separate (Code PcPs) and bits (Electron of transistor) qubits (electron of diamond crystal) are separate. At DNA level the bit is nucleotide (A,T,C,G) and at Atomic level the bit is photon and electron, at particle level (secondary fermions and secondary bosons) the bit is primary fermions and primary bosons and informations are still code PcPs and at B.B.B level the bit is B.B.B (Yang mass and Yin mass - B- bit) it self and the information is carried by Code PcPs but at all level of all bit units the information storage system is CCP (Physiological arrow of Time) it never dies even after destruction of the universe. Hence informations are eternal. In computers, Bit is a structural configuration that describes informations of the system and informations are in form of Code PcPs. The working of the bit is triggered and controlled by thoughts of higher centers that form that bit. If the bit is classical (transistors of chips) the effect is different. But if the bit is qubit with entanglement the working is triggered and controlled by thoughts of higher center that form that crystal. In both the effect of describing informations would be different. One is classical (thought expressions are fixed and limited) and other one is quantum (thought expressions are changing and more wide to describe the more wide complicated system to have fast results.). In life sciences in Brain the bit is again Photon and the informations are Code PcPs and they are triggered and controlled by CCP of higher centers that is triggered by DIVINE MECHANICS. In life sciences the CCP (cryptography) of B-bit expresses informations (Code PcPs) which were not fed like speaking Lie and unlike Bit of classical computer and qubit of QC it shows phenomenon of forgetfulness and IQ phenomenon (mental age /real age). It is Higher functions of B.B.B or B Bit and it is life. Hence there is difference in some aspect of DIVINE MECHANICS \of Computers computation and Brain computation

Maya and Illusive Islam of Mohammad Sahib - Dharma Vs Adharma

Fig 13. 1 Named after the Prophet Mohammed, the marble-decorated mosque has capacity for more than 30,000 people. Named after the Prophet Mohammed, the marble-decorated mosque has capacity for more than 30,000 people.

- Mohammad Sahib did spread not dharma means idol worship rather ADHARMA means prohibit idol worship and kill those who do idol worship. Hence 1.5 billion persons are misguided and they possess ignorance and Hat redness against 5.5 billion persons who do idol worship. calling Islamic zihad of illusive Islam
- The greatest mistake of Mohammad Sahib that he did not read Quran by Allaha ho Akbar and that is why he did not know from which page Quran should be read or to begin reading Quran. **it is 99 names of Allaha to be read and understood first.**
- Follower of illusive Islam of Mohamad Sahib spreading wrong things about Allah ie
- Allah is one

He has no photo depiction. And idol worship is fiction at highest consciousness.

The truth is

Allah means two God particles.

Their photodepiction is ardhnareshwar or satyam shivam sundaram.

They are smallest idols of universe.

- On this ground that Allah is faceless and idolless means He is not objective identity in universe then All muslims have no right of Namaz and to have mosque for it.
- Before obey 3 things of Quran etc namaz, reading Quran, Haj, they must know how to materialize Allaha or Allah ho Akbar.
- If they donot materialize Allaha or Allah ho Akbar, their obeying 3 things is meaning less. They have to abandon all 3 things. Live like either Atheists who donot believe in God or Animal live for food and sex as they donot know Allah or Allah Ho Akbar. Then all Muslims are allowed to eat milk producing animals etc and have polygamy.
- The biggest crime is to abuse and insult the word Allah or Allah ho Akbar. All muslims found guilty 1.5 billion persons because illusive Islam of the fact teaches Hatredness by prohibiting idol worship and kill those who do idol worship and it is called islamic jihad. Hence Mohamad Sahib and their followers are victim of a mental sickness spoiling this wonderful world by Islamic jihad.
- Talibani fired bullets on Lord Budha statue showing their ignorance and Hatredness against idol worship and Allah and Allah ho Akbar.
- By virtue of ignorance illusive Islam of Mohamad Sahib has banned idol worship in 56 countries. it is crime now as papers have been published and one more book has been downloaded by Almighty God or Lord Natraz or Allah ho Akbar ie Atomicgenetics and origin of universe that speaks about Religion I means worship of two God particles whose photodepiction is ardhnareshwar or satyam shivam sundaram and they are smallest idols of universe and prayer reaches to them and they will persist even after destruction of universe.
- Illusive Islam of Mohamad Sahib and their followers disobey orders of Quran. Allahatala prohibited eating pig means mammal or milk producing animals but they did not understand the order and that is why world is facing malnutrition under 5 years. Now to repent the Almighty God or Lord Natraz or Allah ho Akbar has ordered to accept COW as international animal and prohibit its killing for eating.

It is peace of advise by Almighty God or Lord Natraz who is ruling India and abroad since March 2014 that All muslims must learn science of prayer and know Allah in the light of science and put idol of Lord Natraz or Allah ho Akbar or Creator bbb in all mosques of world and offer namaz before idol of Lord Natraz or Allah ho Akbar or Creator bbb as namaz is idol worship of tachyon particle which are made up of two God partcles and their photodepiction is ardhnareshwar or satyam shivam sundaram or smallest idols of universe and their reconstruction on Earth is Lord Natraz or Allah ho Akbar. It should be spread whole world and directions should be followed by 56 islamic nations. Failing which would be considered misconduct and on found guilty highest punishment ie contempt of Almighty God would be imposed automatically.

Materialization of Allah is must by SUNNI WAQF BOARD other wise All muslims all over world are not allowed to offer Namaz as Namaz is idol worship of tachyon particle which are made up of two God particles and they are smallest idols of universe and their photodepiction is ardhnareshwar or satyam shivam sundaram or their reconstruction on Earth is Lord Natraz or Creator bbb and Lord Ram is avatar of Lord Natraz or Allah ho Akbar. Sunni waqf board cannot say that ALLAH IS FACELESS, IDOLLESS structue. It is ignorance in islam. Due to this ignorance there is Hatredness in illuive Islam of Mohamad Sahib that is they prohibit idol worship and kill those who do idol worship calling is Islamic jihad. Islamic Zihad has to be eradicate from Globe and uplift on ban on idol worship in 56 Islamic countries is must.

On materialization of Allah you would find that Lord Ram avatar of Lord Natraz or Allah ho Akbar or Creator bbb and smallest idol of universe. Hence Sunni waqf board if wins could not ask for shifting of idol of Lord Ram as it is insult and abuse to Allah and Allah ho Akbar as on investigating 99 names of Allah you would find that Allah means two God particles or ardhnareshwar or satyam shivam sundaram or smallest idols of universe and prayer reaches to Tachyon particle which are made up of two God particles or Allah and whose reconstruction on Earth is Lord Natraz or Allah ho Akbar and Lord Ram is avatar of Lord Natraz or Allah ho Akbar.

Built in the 6th Century, when Bamiyan was a holy Buddhist site In 629AD, Chinese traveller Xuanzang described Bamiyan as a bustling centre with tens of thousands of monks The two most prominent statues were 55m and 37m high Bodies carved out of sandstone cliffs Demolished in March 2001 after being declared idols "When the big explosion happened, the area in front of the Buddha was full of smoke and flames and the air smelled of burned gun powder," Mr Hussain recalls. He says the Taliban commanders had expected that they would not just destroy the Buddhas but bring the whole cliff face down, but the explosion only blew off the legs of the bigger Buddha.

Universe means Cycle of Colorless (Truth) to Colorful Universe (Maya)

Many COLORS

WORSHIP ETERNITY MEANS WORSHIP "I"
 MEANS UNIVERSE "I" MEANS ONENESS OR "OM" MEANS TWO GOD PARTICLES OR "I" OR PRIMARY GOD OR **SATYAM SHIVUM SUNDARUM** OR TACHYON PARTICLE WHOSE RECONSTRUCTION ON EARTH IS LORD NATRAZ OR CREATOR B.B.B
 IN SCIENCE - TWO FUNDAMENTAL PARTICLES AND FUNDAMENTAL WORKING CALLED ATOMIC TRANSCRIPTION AND TRANSLATION .

UNIVERSE "I" MEANS CYCLE OF COLORLESS TO MANY COLORS or EKO AHAM BAHUSHYAMI

WHO I AM ? Universe is Cycle of "I" and Universe Number ONE (Lord Natraz And His Avatars) Universe Number TWO and so on ie YOU, WE , It , This, That , these and Those etc , It is Secrete Of GITA 10/8 " I am Origin Of All Every Thing Evolved From Me . "

2.4 Eyes see different (Maya or illusion. Illusion means Reality of Created Universe. means set of informations or Code PCPs) than what the brain sees (Truth means Eternity – Not set of informations or God Particles. Invisible reality)

What eye sees is different (illusion) than what brain sees (truth). In science hypothesis is made and that hypothesis is confirmed by observation. Two God particles hypothesis is based on observation that Super unification is not proven yet. When photo depiction of two God particles is made by brain, it was same as made by Almighty B.B.B thousands of year back by clue pictures given by Hindu spiritualism (Fig 1). what Idol worship (Eyes see - sculpture – statue) is defined before the research of Two God particles is illusion (Eyes see - sculpture – statue, set of informations Code PcPs) as the real idol worship is worship of two God particles which constitute big Idols (Eyes see - sculpture – statue, set of informations Code PcPs) (Brain sees-Two God Particles – Not set of informations Code PcPs). On this basis the all created units (sun, moon fire, rain) in created universe are also worshiped as idol worship as they are made up of these two God particles, Though they do not look as idol. Same is true for idols of trinity. (Lord Jesus, Lord Ram etc) as idol concept started with idol of these trinities since two God particles idol concept was not written anywhere in books before their search by me. by science. Big Idols worship would end with end of Universe. But Idol worship of B.B.Bs (Not set of informations Code PcPs or originator of different sets of informations Code PcPs) would persist even after destruction of universe.

Islam and Almighty B.B.B., The Creator of Universe: Muslim do believe that Allaha means The Creator only. After researching 99 names, we found that Allaha means – Primary God, Secondary God, tertiary God, trinity, and Tawhid. in the light of science. This portrait represents Tachyon particle (One yang B.B.B and many Yins B.B.B) apart from Creation and Destruction of universe under control of Almighty B.B.B. The admiring of this Almighty B.B.B (Allahatala) is Allaha ho Akbar.

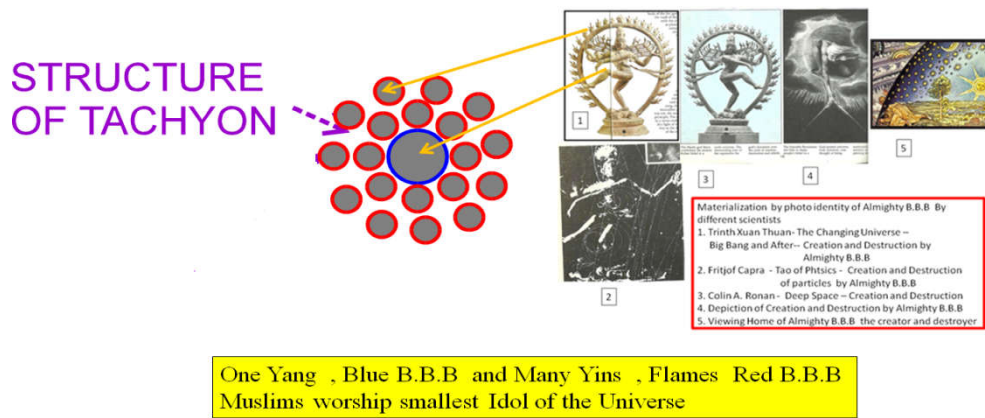

Fig 20. The Admiring of Almighty B.B.B (Allahatala) the Creator of the universe is “Allaha Ho Akbar”

Islam and Worship of Tertiary God (Set of informations Code PcPs or Allaha) is also Idol worship

Fig. 21. Worship of Tertiary God (Set of informations Code PcPs or Allaha) is also Idol worship (as these are made up of smallest idols –Two God Particles

What is Religion "I" (Fig 22)

In Gita Lord Krishna told Arjuna that both of us had many births but I remember it and you donot. Trinity Lord Krishna is also avatar of Lord Natraz or Allah ho Akbar or Creator bbb as Lord Ram. Unless Lord Ram statements are recorded in SC, truth will not prevail in SC.

How to have truth in SC

- Metallization of Allah or Allah ho Akbar. By knowing know Allah in the light of science Wahid and trinity.
- Namaz is idol worship of tachyon particle which are made up of two God particles and their photodepiction is ardhnareshwar or satyam shivam sundaram and their reconstruction on Earth is Lord Natraz or Allah ho Akbar.

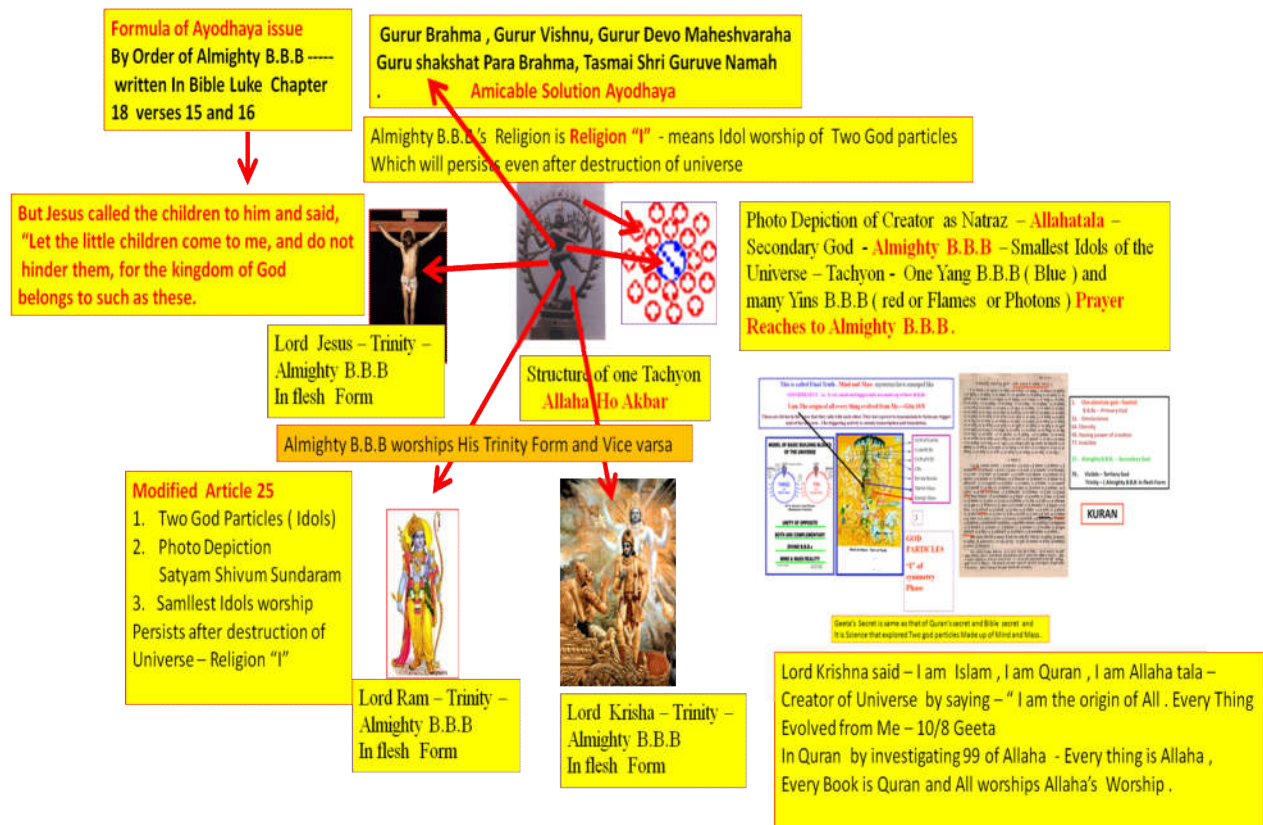

Fig 22. Religion "I" – Worship of Idols of Two God particles called “Satyam Shivum Sundarum”

We all belong to One Spirituality or one Religion i.e. "I" but with different Rituals and worships calling it Unification of Spirituality or Religions. Hence teaching regarding God in different religions (Hindu, Islam and Christianity etc realizations) are illusion. They donot teach about Two God Particles – The Real eternal God Particles. Religion "I" means Worship of IDOL of Two God Particles. It Persists Even After Destruction Of Universe. I am the origin of All. Every thing evolved from Me – 10/8. Say With Proud "I" am Idol of TWO God Particles or Satyam Shivum Sundarum. All religions do IDOL worship of Two God particles in different ways. Unless brain sees idol of two God particles during worship, worship is incomplete (Fig 22). The third aspect of amicable solution is secularization of God which would appear in the end of Kalyug i.e. God is out of religion. It is the science of Prayer that would redefine God’s name and thus no religious names would be popular among scientists and thus God would be secularized. These names are – Primary God, Secondary God, tertiary God, trinity, and Tawhid.

Namaz is worship of Tachyon which are made up of Two God particles. Its reconstruction is Lord Natraz. Thus uplift on ban on idol worship in all Islamic countries is ordered by ACJ. Photo Depiction of Creator as Natraz – Allahatala – Secondary God - Almighty B.B.B – Smallest Idols of the Universe – Tachyon - One Yang B.B.B (Blue) and many Yins B.B.B (red or Flames or Photons) Prayer reaches to Almighty B.B.B. Namaz is Idol worship Tachyon particle OR Allah Ho Akbar. Reconstruction of Tachyon is Lord Natraz on Earth. Amicable solution starts with research that Namaz is Idol worship of Tachyon particle whose reconstruction and photo depiction is Lord Natraz who is Allah Ho Akbar. If Indian Muslims respects Namaz as Idol worship then they have to put reconstruction in their Mosque and offer Namaz. Failing which would be considered insult and abuse to Almighty God or Allaha Ho Akbar. By order ACJ. SC does not know that Mosque is now essential part of Namaz as Lord Natraz is Allah Ho Akbar and His Idol would be put in All Mosques of world and Namaz would be offered before Lord Natraz as it is reconstruction of tachyon particle being worshipped by all Muslims. Hence 1994 case of Ismail Farrukhi where Mosque is not considered an essential part is to be modified now. By order ACJ.

Fig. 22. Namaz is worship of Tachyon particle made or smallest idol or Two god particles Thus uplift on ban on idol worship in all Islamic countries is ordered by ACJ

Say No to Char Dham (MAYA or Holy places) Or Macca – Madina etc Only One True Religious Place (also a Holy Place) where one does prayer

Fig 23 Say No to Char Dham (MAYA or Holy places or created universe) Or Macca – Madina etc Only One True Religious Place (also a Holy Place) where one does prayer if one sees two god particles or tachyon particle by brain whose photo depiction and reconstruction is Lord Natraz or Allah ho Akbar

Maya Vs Truth means What is Maya and What is Truth.

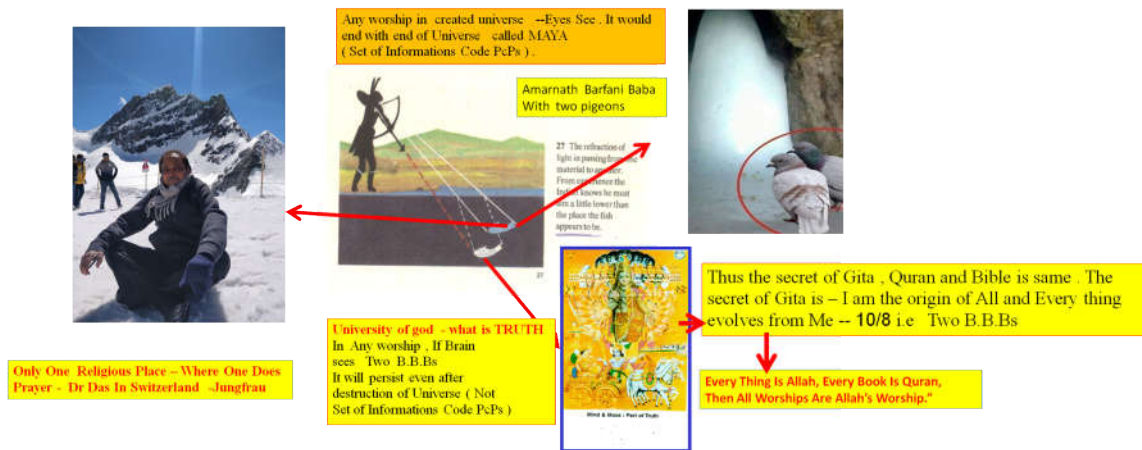

Fig 24 Maya Vs Truth

Sikh theology explains that everything in this world is an illusion (maya), and that the only true reality is Waheguru. Maya is assumed to stand between man and reality, producing error and illusion in the human mind, and creating difficulties in the individual's progress to a state of knowledge and bliss. It is interpreted variously as a veil or curtain concealing reality (koodh da parda).

"Jag rachna sab jhooth hai jaan leho re meet"

The world and its affairs are totally false. Know this well, my friend.

So anything that makes you forget God is Maya according to Sikh Gurus.

Sikh theology informs us that there are 3 aspects or qualities (Guuns) of Maya - Raj Guun, Tamo Guun and Sato Guun. Prior to Sikhism within Hinduism it was expressed by Krishna to Arjuna summing it up as Sat Gun produces Gyaan (knowledge), Rajo Gun produces greed (attachment of karm and their fruits), and Tamo Gun produces Moh (laziness and craziness also).

Conclusion

Sikh theology explains that everything in this world is an **illusion (maya)**, and that the only true reality is Waheguru. **Maya** is assumed to stand between man and reality, producing error and illusion in the human mind, and creating difficulties in the individual's progress to a state of knowledge and bliss. It is interpreted variously as **a veil or curtain concealing reality** (koodh da parda). Hitherto, Idol worship in Islam is not that idol worship that all religions do i.e. idol worship of God particles which is the real idol worship and it will persist even after destruction of the universe. On this ground Islam does idol worship at the time of Namaz. Now the worship of other created things (Set of informations Code PcPs) that are made up of these God particles is also Idol worship because as though they are not idol (say sun, moon, rains, fire etc) but since they are made of same God particle hence Almighty B.B.B also calls it Idol worship. Since every thing is Allaha (B.B.Bs), hence all worships are (idol worship - two B.B.Bs) worship of Allaha Muslim do believe that Allaha means The Creator only. After researching 99 names of Allaha in the light of science and the paper published in Journal [12], we found that Allaha means (scientific names) - Primary God, Secondary God, tertiary God, trinity, and Tawhid. in the light of science. This portrait represents Tachyon particle (Fig 14 - One yang B.B.B and many Yins B.B.B) apart from Creation and Destruction of universe under control of Almighty B.B.B (Allahatala). The admiring of this Almighty B.B.B is Allaha ho Akbar. Hence All worships are Idol worship in this universe as all are made up of smallest idol called B.B.Bs, the true fundamental belief of all religions. This belief persists even after destruction of the universe in form of "I" What eye sees is different (illusion) than what brain sees (truth). In science hypothesis is made and that hypothesis is confirmed by observation. Two God particles hypothesis is based on observation that Superunification is not proven yet. When photo depiction of two God particles is made by brain, it were same as made by Almighty B.B.B thousands of year back by clue pictures given by Hindu spiritualism (Fig 1). what Idol worship (Set of informations Code PcPs or sculpture - statue) is defined before the research of Two God particles is illusion as the real idol worship is worship of two God particles (Not Set of informations Code PcPs-- Brain sees). On this basis the all created units (sun, moon fire, rain - Set of informations Code PcPs) in created universe are also worshiped as idol worship as they are made up of these two God particles (Not Set of informations Code PcPs), Though they donot look as idol. Same is true for idol of trinity (Set of informations Code PcPs -- Lord Jesus, Lord Ram etc)
